

ARIZONA TAX CREDIT

You can divert directly a portion of your owed state income tax dollars to benefit Crane children. A married couple filing a joint return can divert up to \$400. A single individual, a head of household or married individual filing separately can divert up to \$200 of their state income taxes to Crane schools. You can contribute these dollars to our schools for extracurricular activities and deduct that amount directly from your state income taxes. Any individual (\$200), or couple filing a joint return (\$400), may take advantage of this tax credit. Crane has an extracurricular activity fund. It is for school-sponsored activities. These are educational or recreational oriented. They supplement our school programs. The fund supports many competitive, entertainment, and experiential activities, and student organizations. The activities help students enrich classroom learning and develop qualities such as leadership, team play, and cooperation. They also provide safe, supervised activities after school and intersession activities.

**Support local schools. Sponsor extracurricular activities for Crane children.
Give the tax dollars to a Crane school that you would otherwise pay to the State of Arizona!**

Simply complete the form at the bottom of this page. Take it with your check to the Crane school of your choice or the district office. We will provide you with a receipt for tax purposes. Checks should be made payable to one of the Crane schools. If you are unsure which school or activity to support, make your check payable to the Crane Schools and we will designate your funds where there is the greatest need.

We thank you for your support of the Crane Schools. If you have questions about the school tax credit, please call Faye Jeffery at 373-3410.
